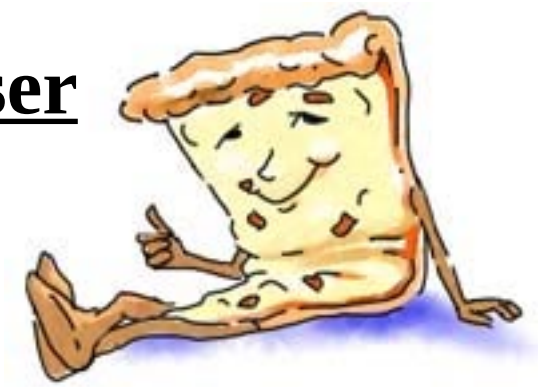
Looking for a fundraiser that gives you a BIG slice of the profits?



Sell home editions of the same Mathville and Wordville series of educational software that's used at your school for **$30 per CD-ROM** and **keep $10**, a full 1/3 of the gross revenue!

High quality educational software that has been selected for use at your school makes a great fundraiser because:

- ★ the programs can be used by any household with school-age children and either Windows or Macintosh computers
- ★ the kids who have used the programs have always been our biggest boosters. Teachers tell us that students love to use the programs after school and at lunch, so why not make the program available for use at home?
- ★ all programs are backed by our 100% money-back guarantee

How do you run a Mathville software fundraiser effort?

a) print the flyer/order form on the next page and collect $30 per CD ordered

b) consolidate a single order of at least $500 gross sales (don't panic, that's only 17 CD-ROMs)

c) forward it to us with only $20 per CD-ROM and keep $10 per CD-ROM for yourself

We'll UPS your order immediately. We'll even absorb all shipping & handling costs.

Want to get started? Call us toll-free at 1-888-MATHVILLE (628-4845) and ask for Mary Pat or email: marypat@mathville.com

The Wordville Series
Word Way - 3rd or 4th Grade
Write Way - 3rd or 4th Grade
Spell Way - 5th to 8th Grade
Épellionnaire - 5th to 8th Grade

"Creating a challenging, engaging educational software series that children want to sit down to use is a monumental task. The Mathville Series does a superb job…" The National Parenting Center in awarding their **Seal of Approval**

"Our teacher reviewers commended this program for its depth of coverage and ease of use…Our kid testers…especially liked the way the program incorporates math into everyday activities." SuperKids Educational Software Review (www.superkids.com) in rating Mathville VIP **"Best of 1998"** in the math educational software category.

"Comments from my class: 'Awesome!' 'Fun,' 'Great!' 'Challenging!' I loved it too!" Lynne Peterson, teacher from Newport News, VA., on Mathville Mindway for 4th grade.

Each hybrid CD-ROM contains BOTH Windows and Macintosh versions.
